

## Datasheet

### ACCESSORIES/ VHLR - Universal Relay

#### Product description

The range of timers and relays from CDVI complement any access control system: from simple switching and lock release delay, to the control of timed free access through an electronically locked door, these accessories are essential for any engineers toolbox.

The VHLR is a universal relay, which has an input of 12-24Vac/dc with a double pole changeover relay.

#### Key features

- Universal relay
- 2 x changeover contacts
- Handy relay module
- Ideal for "van spares"
- CMOS quartz technology

 Certification

 DEEE

 Certification

 IP44

## Electrical Specifications

**Changeover:** 2 - COM/NO/NC

**Voltage:** 12-24Vac/dc

**Switching:** 5A
